

ETERNAL® odmašťovač

Serial Number 1006

Non-foaming degreaser concentrate

Features:

ETERNAL odmašťovač (ETERNAL degreaser) is a water-soluble concentrate for the preparation of a highly effective degreasing non-foaming agent, for cleaning contaminated surfaces and the removal of oil and other grease. It is suitable for manual degreasing and for soaking tubs and machinery. It does not contain hydroxides.

Usage:

ETERNAL odmašťovač is designed for the cleaning and degreasing of metal surfaces, floors, old paint and other surfaces before painting with water-based and solvent paints. It is also suitable for washing engines, machinery maintenance, electroplating, paint shops, industrial glass cleaning etc.

Technical data:

Specific weight	1,05–1,1 g/cm ³
pH 1% solution	10,5–11,5

Packaging:

0,5 kg plastic bottle and 5 kg plastic containers

Storage:

Store (in the original unopened packaging) between 5–25 °C. It must not freeze!

Application:

Before using, dilute **ETERNAL odmašťovač** with water (preferably soft to moderately hard 0,7 to 2,5 mmol/l) for 5% to 15% solution (i.e. 1 : 20 to 3 : 20). For specific cases **ETERNAL odmašťovač** can be diluted in a different ratio. Degreasing can be done manually, by low pressure and high pressure spraying, or dipping. **ETERNAL odmašťovač** can be used in ultrasound and other professional equipment. Degreasing can be carried out at an elevated temperature of 40–60 °C. After each operation, we recommend rinsing with water.

Waste disposal:

Included on the safety data sheet of the product.

Safety and hygiene at work:

ETERNAL odmašťovač is classified as dangerous. Causes serious eye damage. Causes skin irritation. Keep out of reach of children. Wear protective gloves, protective clothing, eye protection and face protection. In case of contact with eyes, rinse cautiously with water for several minutes. Remove contact lenses if present and possible and continue rinsing. Immediately call a POISON CENTER or doctor/physician. In case of contact with skin, wash with plenty of soap and water. If eye irritation persists: Get medical help. Other details are on the Safety data sheet of the product.
