

ETERNAL® univerzální penetrace

Serial Number 1201

Suitable under all kinds of emulsion paint and facade paints, for increasing their adhesion

Features:

ETERNAL univerzální penetrace is penetration agent prepared and based on aqueous dispersion of acrylic copolymers and special additives.

Usage:

ETERNAL univerzální penetrace is used for priming absorbent surfaces, such as exposed concrete, stone or plaster, drywall, etc., for hardening the surface and improving the adhesion of subsequent layers of all common types of dispersion paints, sealants and adhesives. **ETERNAL univerzální penetrace** is not suitable for wet surfaces.

Technical data:

Dry matter	min. 7 wt. %
Specific weight	approx. 1 g/cm ³
pH	8,0 – 10,0
Content of volatile organic compounds (VOC):	
Category/subcategory of product	A/h
Max. volume VOC in product	5 g/l
	0,00495 kg/kg
TOC	0,00287 kg/kg

Consumption:

0,10–0,20 kg/m² according to the absorbency and structure of the substrate

Packaging:

3 kg, 5kg plastic containers

Storage:

Store in the original unopened packaging between 5–25 °C. It must not freeze!

Application:

ETERNAL univerzální penetrace cannot be diluted. It is applied by brush or paint brush on a dry, clean surface free of all remains of the old paint in surroundings from 5 °C to 30 °C. Apply additional layer on the surface after drying the primer for about 6 hours. Tools should be washed with water immediately after usage.

Certification:

TZÚS Prague Authorized Person 204

Waste disposal:

Described on safety data sheet of the product.

Safety and hygiene at work:

ETERNAL univerzální penetrace does not endanger human health or the environment. The product is a treated article, contains a biocidal product. It contains a reaction mixture CMIT/MIT (3:1) [Index number: 613-167-00-5]. May cause an allergic reaction. It is necessary to use suitable protective clothing, gloves and goggles. Wash skin with soap and water, in case of contact with eyes, flush immediately with water. If irritation does not stop, seek medical help. If accidentally swallowed, seek medical help. Do not induce vomiting. Other details are on Safety data sheet of the product. **ETERNAL univerzální penetrace** is a non-flammable liquid in terms of ČSN EN 65 0201.
