SAFETY DATA SHEET according to regulation of Europian parliament and Council (ES) number 1907/2006 according Committee regulation (EU) number 878/2020 Date of Issue: 10.05.2024 Version number: 1 No. of pages: 10 Revision date: Replaces version: ETERNAL mořidlo na beton Product name: 1. Section 1: Identification of substance/mixture and of the company/undertaking 1.1 ETERNAL mořidlo na beton Product identifier: The product is not a nanoform, nor does it contain any nanoforms. UFI code: 4E22-83SR-G710-G4J4 1.2 Relevant identified uses of the substance or mixture and uses advised against: 1.2.1 Relevant identified use: Life cycle phases: IS (use in industrial installations) PW (wide use by professionals - basic) C (consumer use) Usage Name: SU0 Other usage description: coating material Market description: PC9a; PC15 Contributing Activity Name: spraying techniques in industrial plants roller or brush application non-industrial spraying techniques Contributing activities descriptor: PROC7 PROC10 PROC11 More information: technical function of the product in coating material this use: 0 - 10 t / yr quantity to use: Regulatory status by use: No a limited number of devices for No this use: the subsequent period of use 24 months relevant to this use: an overview of environmental ERC2; ERC5; ERC8c; ERC8f; release categories for each life ERC10a; ERC11a; ERC12a cycle stage: supplied as a mixture 1.2.2 Uses advised against: all other uses 1.3 Details of the supplier of the safety data sheet: AUSTIS a. s. Producer and supplier: Adress: K Austisu 680, 154 00 PRAHA 5 - Slivenec Telephone number: +420 251 099 111 +420 251 099 112 Fax: austis@austis.cz e-mail 1.4 +420 725 491 378 +420 251 099 247 Emergency telephone number: Centre of the Toxicologicaly information Na Bojišti 1, 120 00 Prague 2, Tel.: +420 224 919 293 CZ Section 2: Hazard identification 2. 2.1 Classification of the substance or mixture The mixture is classified as dangerous. Classification under Regulation 1272/2008/EU Eve Irrit. 2: H319 Skin Sens. 1; H317 Aquatic Chronic 3; H412 2.2 Label elements Symbols: GHS07 Signal word: warning It contains a hazardous substance: reaction mixture (ES: 400-830-7) and (ES: 915-687-0), 2butoxyethanol, 2,4,7,9-tetramethyldec-5-yne-4,7-diol and ammonia water Hazard Statement: H319: Causes serious eye irritation. H317: May cause an allergic skin reaction. H412: Harmful to aquatic life with long lasting effects.

SDS 112/2024

	Precautionary Statement:		 P102: Keep out of reach of children P273: Avoid release to the environ P280: Wear protective gloves/protection. P302+P352: IF ON SKIN: Wash w P305+P351+P338: IF IN EYES: Riseveral minutes. Remove contact I Continue rinsing. P333 + P313: If skin irritation or rated vice/attention. P337+P313: If eye irritation persist P501: Dispose of contents/contain national legislation. 	ment. ective clothing/eye protection/face ith plenty of soap and water. inse cautiously with water for lenses, if present and easy to do. sh occurs: Get medical ts: Get medical advice/ attention.
2.3	Other hazards:		The mixture does not meet criteria substances. The mixture is not encontain any.	
	Other risks:		EUH208: It contains a reaction mix number: 613-167-00-5]. May cause

3/10

6.1.2	For workers intervening in emergency cases - instructions for appropriate	materials of personal protective suits (see part 8 BL)	
6.2	Environmental precautions: Prevent environmental pollution - leakage into drains, surface water, groundwater or soil.		
6.3	Methods and materials for limitation of leaks and for cleaning:		
6.3.1 Instructions for leak limitation of spilled substance or mixture			
	a) enclose the spilled mixture, cover the canalization;		
	b) seal the damaged package		
6.3.2	Instructions for removal of spilled substance or mixture		
	Absorb with appropriate agent, hand over to authorized person for disposa	al.	
6.4	Reference to other sections: See also section 7., 8 and 13.		
7.	Section 7: Handling and storage		
7.1	Measures for safe manipulation:		
7.1.1	Recomendations: a) Workers handeling the product have to get familiar with health and safety rules for work and have to obey these rules. Secure escape routs (enclosing of leaked mixture, sealing of demaged packages and so on), for fire prevention (remove ignition sources, non-sparkling tools and so on) and limit the production of aerosol and dust.		
	 b) Obey measures for prevention of manipulation with incompatible substact) c) Store in original closed packages in temperature from +5 to +25 °C, do expose to direct sunlight or other heat sources. 		
	d) Prevent the contamination of environment, i.e. leak into canalization, su	urface or underground water and soil.	
7.1.2	Instructions for general hygiene of work:	-	
	a) Do not eat, drink or smoke on work areas.		
	b) After working with product wash your hands with soap and water, event	ualy use regeneration hand cream.	
	c) Before entering dining areas, remove contaminated clothing and protect		
7.2	C) Before entering during areas, remove contaminated clothing and protective equipment. Conditions for safe storage of substances and mixtures including incompatible substances and mixtures: Store in dry and well-ventilated storages in original closed packages in temperatures from +5 to +25 °C, do not expose to temperature under 0 °C (not even in short term). Do not expose to direct sunlight or other heat sources. Prevent any contact with oxidazing substances, strong acids and bases. Do not store with food, drinks and feed. The product is not a flamable liquid according to ČSN 65 0201.		
7.3	Specific end use: see part 1.2; coating procedure and recomendations are documentation.	e listed in technical list of the product, or in other product	
8.	Section 8: Exposure controls / personal protection

Guidelines for training:

As required by national legislation.

Recommended restrictions on use (i. e. non-statutory recommendations by supplier):

Product should not be used for other purposes than specified (see section 1.2). Because specific conditions of use are beyond supplier's control it is responsibility of the user to adapt notifications to local law and regulations. Safety information describe the product with regard to safety and can not be considered technical information about the product.
